About Us

Brett Construction Co. is a full service contracting company with a history spanning over 25 years based in Lexington, KY. Our client base is comprised of industrial, institutional, office, retail, manufacturing and commercial companies throughout the state of Kentucky and beyond. We specialize in design/build construction projects, and also offer structural steel capabilities and a line of pre-engineered buildings.

Our management staff has extensive background in design-build construction, design-assist construction, construction management oversight, pre-construction services and preliminary estimating. Our goal is to provide a comprehensive solution to your construction needs by researching and designing the most cost effective plan for your construction project. We start with your project goals, input and needs to create a collaborative project design that will meet your business model.

Brett Construction Co. is a multi-disciplined contracting company with a time-proven track record. We offer the finest quality materials and workmanship, combined with a high degree of professional service. Brett Construction Co. is certified in Kentucky, Tennessee and Indiana.

Brett Construction Co. is committed to serving the needs of our clients on each and every project we build. A testament of that commitment is our continuing relationships and repeat client business. Our goal is to enhance your business success by providing a quality project. We look forward to the opportunity of working with you.

OUR TEAM

Brett T. Setzer

Chief Executive Officer

Brett has been involved in the construction industry since 1981 when he worked part-time while attending college. His thirty-five years of experience include hands-on training in steel erection, concrete work, roofing, and siding. After gaining field experience, Brett began working with customers to help develop their ideas into working designs. He is currently active in marketing, project estimating, and client coordination during all phases of the construction project. He has been involved in the construction and completion of over 450 projects to date.

Denny Boom

President

With more than 25 years of commercial construction experience, his responsibilities include overall project management, oversight of design and production, scheduling on-site management and overall operations. Prior to joining Brett Construction Co. in 2012, Mr. Boom served as President + CEO of Panattoni Construction, a national design-build construction company for 16 years. During that time the company grew from 5 regional offices to 22 national offices. Under his leadership, the company completed more than 120 million square feet of office, industrial, distribution, and retail space valued at over \$3 billion dollars.

Keith Fryman

Vice President

Keith is responsible for assisting with preliminary design/coordinating with the clients during all phases of the project. Keith has been with Brett Construction since February of 1999.

Banks Hudson

Chief Financial Officer

Banks is responsible for oversight of the finance and accounting departments in addition to asset and risk management. He has been with Brett Construction since April of 2006.

Sara Arnold

Controller

Sara's primary responsibility is overseeing all aspects of accounting: payables, receivables, bank accounts, payroll, and financials. Sara has been with Brett Construction since January of 1985.

Christi Crow

Accounts Payable

Christi's primary responsibilities are accounts payable, payroll and purchase orders. Christi is responsible for entering all data for purchase orders. She is also responsible for entering all accounts payable invoices and preparing them for payment, as well as maintaining corporate payroll. Christi has been with Brett Construction since January of 2003.

Afsi Davis

Construction Assistant / Contract Manager

Afsi creates and manages all AIA documents, enters and organizes data and photos during the construction process and coordinates subcontractor scheduling for warranty issues. She is also responsible for updating the website. Afsi has been with Brett Construction since November 2010.

Stephanie Klefot

Administrative Assistant

Stephanie is responsible for the interaction with clients, vendors and visitors. She has been with Brett Construction since February 2015.

Nick Hadley

VP of Estimating / PM

Nick's responsibilities include estimating projects and assisting with the design and co-ordination of projects with clients. Nick has been with Brett Construction since August of 2005.

Mike Ffiske

Project Manager / Estimator

Mike is involved with estimating and is responsible for the VP Command system which involves the ordering of metal buildings. He has been with Brett Construction since July of 1995.

Brett Horseman

Project Manager / Estimator

Brett's responsibilities include estimating projects and assisting with the design and co-ordination of projects with clients. Brett has been with Brett Construction since 2003.

Jared Frey

Project Manager / Estimator

Jared's responsibilities include estimating projects and assisting with the design and coordination of projects with clients. Jared has been with Brett Construction since 2014.

Danny Martin

Project Manager / Estimator

Danny's responsibilities include estimating projects and assisting with the design and co-ordination of projects with clients. Danny has been with Brett Construction since 2015.

Cheryl Butala

Engineering Manager

Cheryl is responsible for overseeing the development of all drawings required for permitting and construction of buildings. She interacts with the sales/estimating department and customers to develop preliminary design sketches. She is also responsible for obtaining local and state permits for construction. Cheryl has over 32 years design experience in wood and steel construction. She has been with Brett Construction since December of 1986.

Megan Miller

CAD Operator

Megan has degrees in Architectural, Mechanical, and Civil Computer Aided Design Drafting as well as a drafting certificate. She is responsible for developing drawings required for permitting and construction of buildings, including design, revisions, coordinating, copying, distribution and historical records. She is also accountable for required documents for obtaining permits. Megan has been with Brett Construction since May of 2005.

Terry Rothwell

General Superintendent

Terry has worked in the construction field for 27 years. His specialty is concrete and foundations. As a superintendent, he is responsible for field operations, safety oversight and crew scheduling. Terry is OSHA trained and First Aid/CPR certified. Terry has been with Brett Construction since 1989.

Josh Markham

General Counsel

Josh is responsible for negotiating, drafting and reviewing contracts, leases, agreements, title policies, corporate and other legal documents as well as assessing the legal risks and general counsel on legal matters. He has been with Brett Construction since 2015.

ABOUT BRETT CONSTRUCTION

Brett Construction Company is a multi-disciplined contracting company with a time-proven track record. We offer the finest quality materials and workmanship, combined with a high degree of professional service.

Let us work with you on your upcoming projects.

Testimonials

In my twenty plus years of doing Economic Development, I've never worked with anyone or any company that worked harder, smarter and more cooperatively than Brett Construction.

Sandy Romenesko, Executive Director

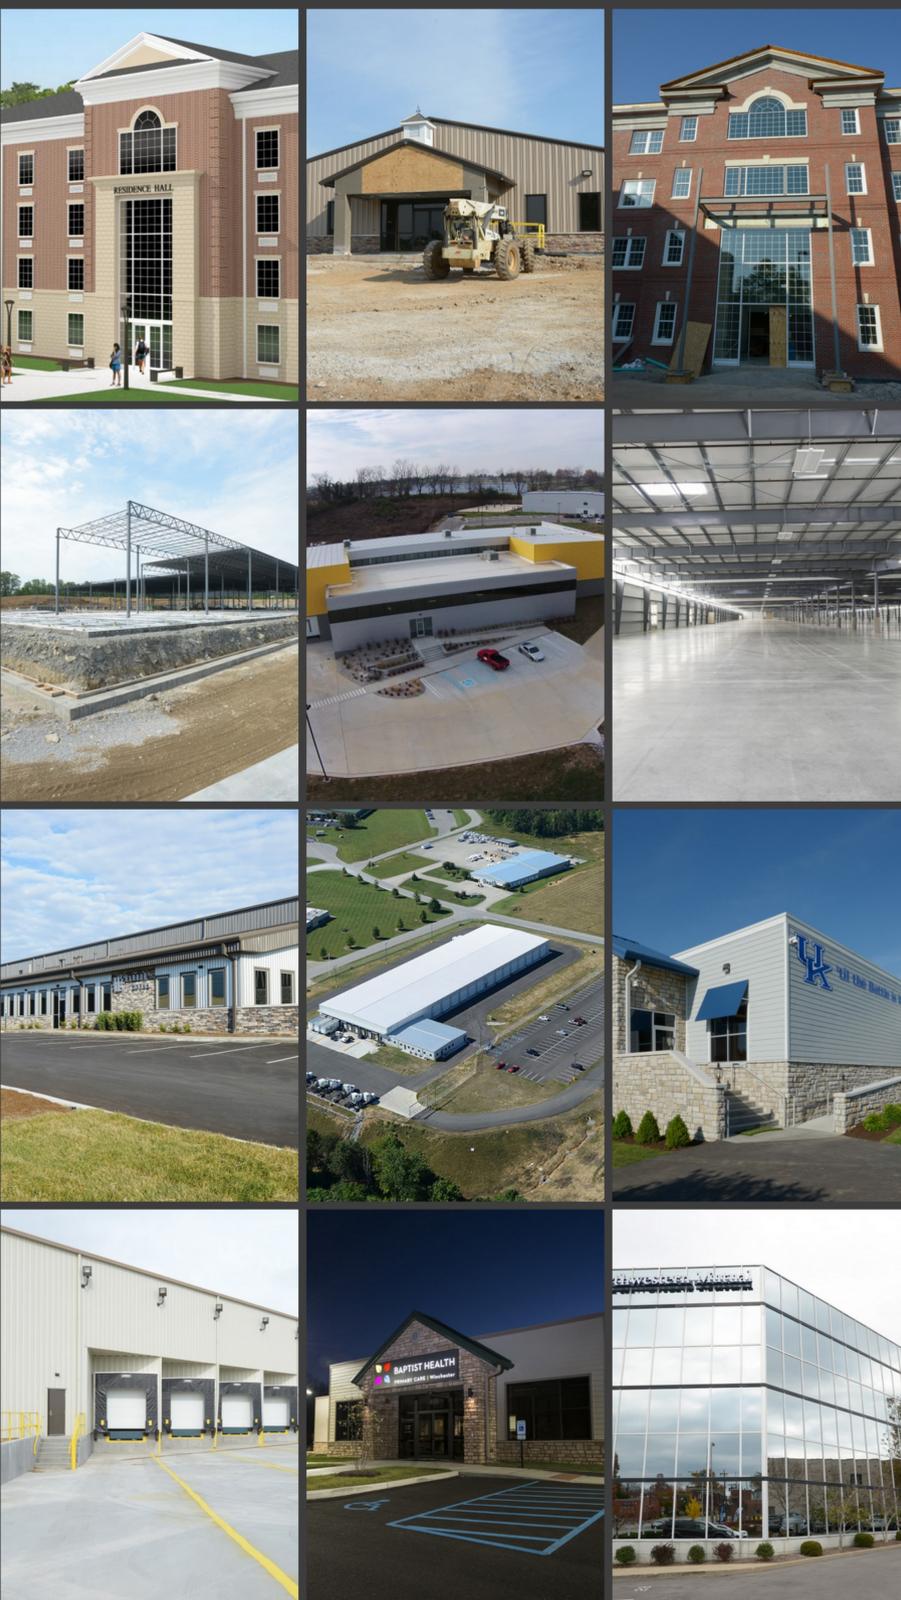

From the kickoff meeting to daily updates, Brett Construction team handled the launch flawlessly. Assisting with office design, all the way through to integrating our overhead crane and related equipment, they were very professional and quality driven throughout the process.

Scott McKee, Vogelsang Corp.

Brett Construction Co. Named Nation's #8 Metal Builder by Metal Construction News

POSTED BY ADMIN ON JUNE 1, 2015

Lexington, KY – Brett Construction Company moved into the nation's top 10 metal builders in 2014, as ranked by *Metal Construction News*, the nation's leading news magazine for the metal construction industry. The list ranks the top 100 metal builders in the United States by two segments – square footage of metal constructed and by tonnage of steel purchased. Brett Construction Company ranked #8 by square footage of metal constructed at 755,240 square feet. The firm ranked #25 by tonnage of steel purchased with 1,677 tons. Brett Construction Company is one of only two Kentucky firms to make the list.
